12th Annual Thanks for Giving Race in Exeter, NH

The Exeter Run Club needs your support as we prepare to host our 12th annual charitable 5K/10K road race on Thanksgiving Day, November 26th, 2026! This healthy community-building event raised an astounding \$31,000 last year thanks to the generosity of sponsors like you. In 2025 this effort allowed us to donate \$15,500 each to The Chase Home and Pope Memorial Humane Society of Cocheco Valley! We are asking for your support to continue growing this event, an annual tradition that hundreds of area families look forward to as part of their Thanksgiving celebrations.

This year, 100% of sponsorship donations will go to:

- [American Independence Center](#)

AIC's mission is "To engage, educate and excite people of all ages, to understand and celebrate the American struggle for freedom and self-governance and to preserve and share our buildings, grounds and collection so they will be an inspiration for generations to come." Beginning in 2023, AIM introduced its "We Are One" theme as it prepares for the 250th anniversary of the signing of the Declaration of Independence on July 4th, 1776. "We Are One" reflects the ideal made implicit in the U.S. Constitution that all voices and all perspectives matter to the health, welfare, progress and survival of our great nation.

- [Hero Pups](#)

Hero Pups is a New Hampshire-based, non-profit organization that pairs support dogs with veterans and first responders throughout New England who have been diagnosed with service-related psychological challenges. Laura Barker founded the organization after her son was wounded in Afghanistan. Hero Pups was founded on the belief that since our Heroes have already given so much, it's the least we can do to provide them with a service companion to help them lead a happier life, free of charge. Hero Pups received 501(c)(3) status in 2016. The program is headquartered on 50-acres of private, rent-free land in New Hampshire. Hero Pups is 100 percent volunteer-run with no paid staff. Hero Pups will use 100 percent of funds to acquire, train, and pair service dogs with veterans and first responders with service-related traumatic challenges to increase their independence and peace of mind.
